

REAL TASMANIAN ALES

HUON DRY FARMHOUSE CIDER - NEW RELEASE

When we discovered the Griggs family at Lucaston Orchard in the Huon Valley were still growing the famous old English cider variety, Sturmer Pippen, that was all the motivation we needed to produce a traditional unfiltered, bottle fermented farmhouse cider made using only apples and yeast.

FORESTER PALE ALE

Featuring Pride of Ringwood hops procured directly from the kilns of the last two hop farms in the Forester Region of North East Tasmania. This is a refreshing and versatile, fully flavoured, bitter pale ale.

HUON DARK ALE

Taking a classic dark ale base, a winemaker's touch has provided a soft, rich fruit palate via the use of fresh, unfiltered apple juice procured directly from an on-farm apple grower & processor in the Huon Valley. A blend of five different barley malts, this is a complex and satisfying drinking experience.

DERWENT CLEAR ALE

Wheat & barley malts are used in this ale along with old, noble aromatic hop varieties grown on the banks of the Derwent River which are no longer commercially available. Whilst all Two Metre Tall Ales are naturally cloudy the "clear ale" name refers to the hue and paler colour of this beer relative to our other ales.

TWO METRE TALL CLEANSING ALE

Refreshing, bottle-conditioned real ale, perfect to quench the thirst! This ale has been brewed to introduce consumers to the fascinating world of real ale and uses 100% Tasmanian ingredients.
